Reference Policy 23.

Dear Bedford Borough Planning Office,

I object to the above policy on the following basis:-

- There is no safe or reasonable access to the site.
- It will increase traffic on the historic and listed Bromham bridge, and also at the overloaded, hazardous junction of Bromham Road onto the A4280 Bromham Bypass.
- The site is on the flood plain.
- It will reduce the rural setting of, and views from, Bromham Mill.

Yours faithfully
