- **East West Rail (EWR)**

The Council is currently reviewing the details of the proposals to better understand the implications for the people of Bedford Borough.

For reference the current Mayor has previously stated the below which was included on the previous report,

“While we do support investment into our Borough, improved rail links and the EWR project in principle, we have always been clear that any decision involving the loss of homes and destruction of families, lives and countryside would be completely unacceptable.

“The selection of route E would involve a pointless six-line track despite EWR accepting the fact a four-track proposal was feasible and would avoid the destruction of homes.”

He said there was a sense of frustration and anger at the event as “residents felt ignored.

I want to leave no doubt that, unlike my predecessor, I will do everything in my power to ensure their concerns and views are heard.”

- **Bedford Borough Council left with £2.27m overspend**

It has been reported that the previous administrations balanced budget for 2022/23 has resulted in a £2.27m overspend.
